**Subject:** RE: ROM for CompTox Database Administration as a Service

Hi,

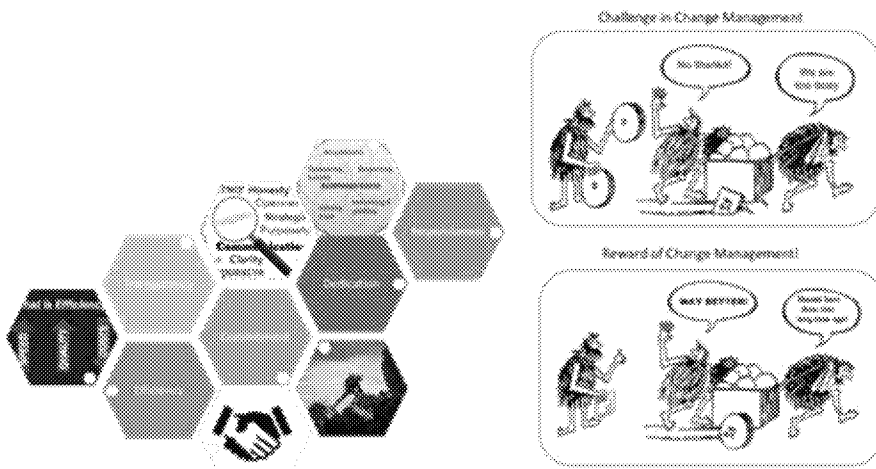

What is the next step for this? Requesting that Shadawn apply funding or are we waiting for the official FY23 estimate and a registration ID to be created in Ebusiness?

I am asking because we are going to need to request additional FY23 CR funds from Stephen and then reprogram the funds into BOC 38. I can go ahead and make that request and get the reprogramming in the pipeline before everyone heads out for the holiday. Plus Compass will be going down for a time in January and if we get a FY23 opplan, ORM will stop reprogrammings for a period of time.

Let me know. Thanks!

Good morning Norman.

No worries we can keep this action open and on hold. Just a reminder the estimate might change depending on the time we keep this on hold.

Sincerely,

Andrew Almodóvar

Hi Andrew,

Than you for the follow-up. This remains under consideration, but we are still sorting through some budget analysis, etc. I hope to have an answer in the coming weeks. In the meantime, can we keep this action open? Thanks.

**Subject:** ROM for CompTox Database Administration as a Service

Good morning Norman,

Please see the below details regarding the unofficial rough order of magnitude for your **CompTox Database Administration as a Service**. The FY23 registration code is **TBD**.

### ***FY23 Support***

#### **The Contractor Team shall provide the following services:**

- All tasks listed in the Statement of Work provided by the customer (*details will be included in the official estimate*)
- Work with customer to connect to database environments and become familiar with databases to provide support (assuming 60 hours for first 3 weeks for 3 DBAs to get familiar)
- Support the databases listed by the customer (*list will be included in the official estimate*)
  - Until customer DBA is hired (assuming 3 months):
    - Provide Full Time DBA support (40 hours per week)
  - After customer DBA is hired (assuming 8 months):
    - Provide Part-time DBA support (25 hours per week)
    - Provide backbone support to any existing customer DBA
    - Provide support to long-running efforts
    - Provide patching and upgrades as required and within the agreed upon timeframes
      - Thursdays after 4pm EST – planned in advance
    - Provide outage support as requested (*severity definitions and tables will be included in the official estimate*)
  - Outage requests will be authorized by one of the following:
    - Norman Adkins
    - Amar Singh
    - Jim Renner
  - General requests will come from one of the following:
    - Norman Adkins: [adkins.norman@epa.gov](mailto:adkins.norman@epa.gov)
    - Jim Renner: [renner.james@epa.gov](mailto:renner.james@epa.gov)
    - [ccte\\_scdcd@epa.gov](mailto:ccte_scdcd@epa.gov) (via Jira Tickets)
- Management Duties (assuming 20 hours/month for 3 months, 10 hours/month for 8 months):
  - Create and manage JIRA board for all tasking
  - Provide customers access to JIRA board for requesting new work
    - NOTE: Once CompTox JIRA environment is migrated into EPA's shared environment we can work with Atlassian Admins to merge or integrate boards
  - Act as main customer contact for reporting any issues that arise
  - Budget monitoring, burn rate communications, and estimate updates as needed

#### **TOTAL FY23 Hours/Dollars ROM:**

Labor Hours: 1,480

Labor Dollars: \$217,997

#### **DISCLAIMER:**

This is an unofficial rough order of magnitude. Once approved, an official FY23 estimate will be delivered for approval and a TZDB Registration ID will be created in eBusiness.

Sincerely,

Andrew Almodóvar
